

HOW TO USE THIS GUIDE:

1. In the table below, locate the correct **Product** in the first column.
2. In the second column, determine for which **Role** training is needed.
3. Note the corresponding **Recommended Training Path** in the last column and locate the Path on the subsequent pages of this document. The Path indicates which courses are recommended and which order they are required to be taken in. Courses with solid borders are required; courses with dotted borders are optional.
4. Consult the online **Course Calendar** for course dates. Please email education@rossinc.com for further Education needs.

PRODUCT:	ROLE:	RECOMMENDED TRAINING PATH:
Ross ERP	Administrator (SQL)	PATH 1
	Administrator (Oracle)	PATH 2
	Developer	PATH 3
	End User (Financial)	PATH 4
Ross SCM	Developer	PATH 5
	End User	PATH 6
